

Antioch Community High School 2015 SUMMER READING LIST

What is the summer reading list?

We know that frequent reading is one of the best ways to improve academic success. In this spirit, every summer we ask you to read a book. This summer, you will choose your book from the selection on this page and read it before the first day of school.

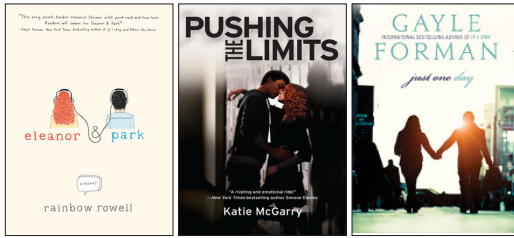

You will need to obtain this book on your own—through a bookstore, a friend, the library. If you foresee a problem with this, contact your English teacher right away. They will answer all your questions.

Enjoy your book and your summer,
Dee Andershock
English Department Chair
